GENERAL INFORMATIONA. INTRODUCTION

1. This volume of the DoD Catalog of Audiovisual (AV) Productions is produced from the Defense Audiovisual Information System (DAVIS) data base compiled as prescribed by DoD Directive 5040.2 (reference (a)) and is intended primarily for use by Department of the Army (DA) audiovisual activities and requesting units.

2. This volume contains (a) a complete listing of all classified and unclassified Army AV productions that have been given general distribution by the DA, (b) detailed ordering instructions, and (c) four appendices, as follows:

- Appendix A    Section 1    AV Thesaurus  
                  Section 2    Descriptor Index  
                  Section 3    Categorical Index of AV  
                                  Productions
- Appendix B    Alphabetical Title Index/Standard AV  
                  Production Identification Number (SAVPIN)  
                  Cross Reference
- Appendix C    Catalog of AV Productions (listed in  
                  numerical sequence by SAVPIN)
- Appendix D    SAVPIN/Army Release Number Cross Reference  
                  (Army AV productions only)

B. WHO MAY USE COPIES OF DA AV PRODUCTIONS

1. Except as specifically limited by DoD or DA directives or legal or other restrictions, DoD Components and federal agencies are authorized to borrow copies of unclassified DA VA productions.

2. Copies of those productions designated "cleared" also may be loaned to the general public, including state and local governments. A complete listing of DoD AV productions cleared for use by the public may be found in Volume 4 of this Catalog.

3. Copies of classified DA AV productions are available for use, on a restricted basis, by Army units that have a "need to know" and to other DoD Components whose mission and functions require access to such classified information. The handling and control of all classified material shall be in accordance with DoD 5200.1-R and AR 380-5 (reference (b)).

4. Inquiries from foreign governments, international organizations, or other foreign interests requesting loan, sale, or information of DA AV productions, whether designated "cleared" or "not cleared," "classified" or "not classified" shall be handled as follows:

a. Foreign government and foreign military services may request AV productions through the U.S. Defense Attache Office located at the American embassy of their country.

b. All foreign nongovernment interests shall apply through the U.S. Information Service.

5. Public clearance designators for DA AV productions are as follows:

a. Cleared. Productions that are cleared have been granted public clearance by the Assistant Secretary of Defense (Public Affairs) (ASD(PA)). These productions may be loaned or exhibited to the public with or without restrictions. These productions also are available for sale or rental to the public through the National Audiovisual Center (NAC), National Archives and Records Service, General Services Administration, Washington, D.C. 20409.

b. Not Cleared. Productions that are not cleared are those whose exhibition, use, reproduction, distribution, or disclosure are limited because of security classification, rights retained by copyright owners, or by talent by virtue of statutory grants, agreements, or privacy rights. These AV productions are releasable to the public for exhibition purposes only within these restrictions and when public clearance has been granted by the ASD(PA).

c. Specific Authorized Clearances or Restrictions. The most common codes found in this Catalog are:

(1) PE. Public Exhibition (nonprofit). Denotes an AV production that has been cleared for exhibition in its released distribution media on a nonprofit basis only; no admission may be charged.

(2) TV. Television (nonsponsored). Denotes an AV production that, in addition to PE, has been cleared for broadcast by commercial television stations on a nonsponsored basis as a public service and by public television stations.

(3) TH. Theatrical. Denotes an AV production that, in addition to PE, has been cleared for exhibition or use by a commercial enterprise, such as a theater charging admission.

(4) PS. Public Sale. Denotes an AV production that may be purchased through NAC. See paragraph B.5.a., above.

6. Status Designators. All AV productions listed in this Catalog are current unless specifically annotated as historical. A historical production no longer reflects current DoD policies, programs, or procedures, but is retained for use because of its historical significance. Before all showings of historical productions, audiences shall be made aware that such productions do not reflect current DoD policies, programs, or procedures. Obsolete AV

productions are those judged by the DA no longer to reflect current policies or programs and not having historical significance. These have been withdrawn from active circulation and are no longer available for loan except when fully justified and approved by the DA AV manager.

7. Copyright Responsibility. Copies of proprietary AV productions that have been adopted for a DoD Component use or purchased for limited internal use shall be exhibited only in the formats for which the government has received rights. United States Copyright Law (reference (c)), DoD 5040.2-R (reference (d)) and specific procurement conditions govern for each title. Violation of federal copyright laws by unauthorized reproduction or exhibition may result in judicial or administrative penalties.

8. Loan of Copies of DoD AV Production to DoD Contractors. Copies of classified and unclassified AV productions, including productions that have not been cleared for public exhibition, may be loaned to authorized DoD contractors for showing to appropriately cleared contractor personnel. Each loan request for a classified production shall be submitted to Defense Audiovisual Agency, Tobyhanna, LLD (DAVA-T-LLD), through the appropriate Defense Contract Administration Services Office, for approval.

9. Prohibition Against Reproduction of DoD AV Productions. Copies of DoD AV productions are accountable AV records. The DA Inventory Control Point (ICP) (DAVA-T-LLD) is managed by the Chief, Defense Audiovisual Agency, Tobyhanna Activity (DAVA-T-AC), PA 18466. DoD AV productions may not be copied in whole or in part or otherwise reproduced unless specific written approval has been granted by the above ICP.

#### C. STANDARD AV PRODUCTION IDENTIFICATION NUMBER (SAVPIN)

All AV productions listed in Appendix D are assigned two identifying numbers: a SAVPIN and an Army release number. The only number used when requesting copies of AV productions listed in Appendix C is the SAVPIN. The Army release number is listed as an aid to researching types of material, such as:

1. TF: Training films - doctrine.
2. TVT or TF (VT): Television videotapes.
3. FB: Film bulletins - information and guidance (not generally doctrine).
4. MF: Miscellaneous films - information and guidance (not doctrine).
5. FS and SFS: Filmstrips and sound filmstrips - doctrine, except adapted commercial filmstrips, which are informational.

#### D. TYPES OF LOAN

1. Specified Term Loan. A specified term loan is for a specified number of days. Loan periods may be extended if available copies have not been prebooked by other requesters. Requests for a loan extension shall show the added time needed and be received by DAVA-T-LLD at least 10 workdays before the due-in date, if possible.

2. Indefinite Loan. Indefinite loans are for an unspecified period of time. Copies of AV productions on indefinite loan are subject to recall by DAVA-T-LLD if usage does not warrant retention.

## CHAPTER 2

ORDERING INSTRUCTIONSA. WHERE AND HOW TO OBTAIN COPIES

Within the DA, only authorized Army audiovisual libraries are permitted to order copies of AV productions from DAVA-T-LLD, Tobyhanna, PA 18466. All other DA units or activities shall submit their requests to their local Army Audiovisual Library. Other Military Service Components, units, and activities shall order directly from DAVA-T-LLD.

B. CONDITIONS OF LOAN

Users agree to the following conditions when borrowing AV materials from an authorized Army audiovisual library.

1. AV productions shall be returned to the Army audiovisual library on or before the due-in date shown on the DA Form 4103, Audiovisual Loan Order.

2. AV productions will be shown only by qualified equipment operators.

3. Films shall be returned to the Army audiovisual library tails out (NOT rewound), unless otherwise specified.

4. AV productions shall be shown only to authorized audiences, in consonance with designated clearances (see paragraph B.5.c., Chapter 1). The user is responsible for ensuring the production is cleared appropriately if he or she intends to exhibit it to other than military and civilian employees of the federal government. If the production in question is not listed in this Catalog, clearance shall be obtained from the issuing library.

5. Users will furnish exact number of showings and total audience count for each item borrowed on the copy of DA Form 4103 which is to be returned with the AV material.

C. HOW TO USE THIS CATALOG

1. Appendix A, AV Thesaurus, and Categorical Index. This appendix contains a list of subjects, by category field, group codes, and scope notes that provide the key to locating AV productions listed in Appendix C.

a. The Thesaurus contains scope notes that should be used when a specific AV production is not being requested or when the title and number is not known. By using this section, specific categories can be identified and referred to. This is done by identifying the specific groups and subgroups within a general subject field.

b. There are currently 21 general fields and 157 groups that are recognized officially in the DAVIS. An alpha character is assigned to each general field. For example, "A" is Aeronautics, "B" is Behavioral and Social Sciences, and so forth. Subject groups are further divided into groups that

are identified by numbers beginning with "01" in each field. The number "01" in field "A" represents "Aerodynamics."

c. Finally, Appendix A contains an index of each production by category; that is, subject and group codes. Any particular AV production may be listed under more than one category.

2. Appendix B, Alphabetical Title Index/SAVPIN Cross Reference. This appendix lists AV productions by title in alphabetical order. When the articles "A", "An," and "The" are used in the title, they appear at the end of the title; that is, the title "The Death of Superman" is listed as "Death of Superman, The." When the title of a production is known, the user shall:

a. Locate the AV production by title.

b. Identify the SAVPIN.

c. Find the SAVPIN listed numerically in Appendix D for a complete description of the AV production.

3. Appendix C, Catalog of Army Productions. This appendix contains full information on classified and unclassified AV productions available for general distribution. Data in the record includes:

a. The DoD SAVPIN and Army Release Number, such as:

DF - Air Force  
DD - Department of Defense  
DL - Defense Intelligence Agency  
DS - Defense Logistics Agency  
DH - Defense Nuclear Agency, and  
DY - Defense Audiovisual Agency

b. Production title.

c. Description of primary and secondary distribution media.

d. Length of the production or number of units.

e. Clearance (if any).

f. Currency status. (An AV production is current unless identified as "historical").

g. Calendar year completed and security classification.

h. Synopsis.

i. Remarks.

4. Appendix D, SAVPIN/Army Release Number Cross Reference. This appendix lists the DoD SAVPIN/cross-referenced to the Army release number. The SAVPIN is the only number by which an Army AV production may be requested.

ON THE MODERN BATTLEFIELD, GROUND TROOPS UNSUPPORTED BY AIR POWER WILL BE VULNERABLE TO RADAR-AVOIDING LOW-FLYING ENEMY AIRCRAFT. SINCE AIR SUPPORT MAY NOT ALWAYS BE AVAILABLE AT THE OUTSET OF AN INFANTRY ADVANCE, THE ARMY HAS DEVELOPED REDEYE, A LIGHT BUT EFFECTIVE SURFACE-TO-AIR HEAT SEEKING MISSILE. OPERATED BY A TWO-MAN TEAM, THE FIBERGLASS LAUNCHER CONTAINS A CONTROL SECTION, A SEEKER SECTION, A BATTERY SECTION, A FUSE AND WARHEAD SECTION, A ROCKET MOTOR SECTION, AND A TAIL ASSEMBLY. EACH GROUND FORCE UNIT OF COMPANY SIZE IS EQUIPPED WITH THE REDEYE. THIS TV FILM VISUALLY DISSECTS AND EXPLAINS THE PARTS OF THE WEAPON AND HOW IT IS AIMED AND FIRED. AT THE CONCLUSION, IT MONITORS THE MOVEMENT OF A REDEYE TEAM AS IT SELECTS A FORWARD POSITION IN SEARCH OF ENEMY AIRCRAFT.

FOLLOWING INTRODUCTORY REMARKS BY MG BOBBY B. PORTER, ARMY DIRECTOR OF MILITARY PERSONNEL MANAGEMENT, THIS PROGRAM FEATURES SGM DAVE HAWLEY, THE ARMY'S SENIOR RETENTION NCO. SGM HAWLEY EXPLAINS THE ARMY'S REENLISTMENT AND RETENTION GOALS FOR THE COMING YEAR FOR THE BENEFIT OF COMMANDERS, REENLISTMENT AND RETENTION NCOS AND MEMBERS OF THE NONCOMMISSIONED OFFICER CORPS. ONE IMPORTANT CHANGE IS THAT THE RETENTION INELIGIBILITY POINT FOR NON-PROMOTABLE E-4S IS REDUCED FROM TEN TO EIGHT YEARS. EFFECTIVE 1 APRIL 1984, THE MIDTERM TRAINABILITY REQUIREMENTS FOR

REENLISTMENT ARE CHANGED. DETAILS OF THESE CHANGES ARE PRESENTED BY SGM HAWLEY AS WELL AS FACTS ON THE TOTALLY NEW REENLISTMENT AWARDS PROGRAM AND QUALITY OBJECTIVES. OBJECTIVE '84 MEANS THE ARMY WANTS TO RETAIN SOLDIERS WHO ARE ABLE TO MASTER THEIR MILITARY SKILLS, WHO ARE SELF-CONFIDENT, WHO HAVE INITIATIVE, WHO HAVE ATTAINED A HIGH LEVEL OF PERSONAL DEVELOPMENT, AND WHO ARE GOAL ORIENTED AND ACHIEVEMENT MOTIVATED. THE KEY TO THIS NEW CRITERIA IS TO UNDERSTAND THAT IT IS NOT INTENDED TO DENY REENLISTMENT TO ANY GOOD SOLDIER. RATHER, THE PURPOSE IS TO INSURE COMPETITIVENESS, MAKE NCOS BETTER TEACHERS AND TRAINERS, AND KEEP GOOD SOLDIERS IN THE ARMY.

THIS PROGRAM, FILMED AT FORT CAMPBELL, KENTUCKY, DEPICTS PERSONNEL OF THE 101ST AIRBORNE DIVISION EXECUTING AN EMERGENCY DEPLOYMENT READINESS EXERCISE. INTERVIEWS WITH PATHFINDER PLATOON LEADERS HIGHLIGHT THE ROLE OF NONCOMMISSIONED OFFICERS IN TRAINING SOLDIERS OF THE 101ST AIR ASSAULT TO DEVELOP THE PHYSICAL AND MENTAL STAMINA REQUIRED TO COMPLETE THEIR MISSIONS. OFFICERS EXPRESS THEIR VIEWS ABOUT PREPARING SOLDIERS FOR RAPID DEPLOYMENT AND PARACHUTISTS DESCRIBE WHAT IT'S LIKE TO JUMP FROM AN AIRCRAFT. THE THIRTY-SIX HOURS REFERENCED IN THE TITLE BEGIN WITH NOTIFICATION OF THE EXERCISE AND FOLLOW THROUGH THE PREPARATION OF 1,200 SOLDIERS AND EQUIPMENT FOR BOARDING THE C-141 MISSION AIRCRAFT. DEMONSTRATES HOW HELICOPTERS ARE DISMANTLED TO FIT INTO THE AIRCRAFT, THE CHECKING OF PERSONNEL RECORDS, AND THE PACKING OF NECESSARY EQUIPMENT. SOLDIERS GET NO SLEEP FOR AT LEAST 24 HOURS WHILE THEY PREPARE FOR THIS EXERCISE. 36 HOURS ILLUSTRATES HOW THIS TRAINING AT FORT CAMPBELL TEACHES A SOLDIER TO BE A TEAM MEMBER IMBUED WITH SELF-RELIANCE, AN ABILITY TO RELY ON OTHERS, AND DEMONSTRATE THE SELF-DISCIPLINE NECESSARY TO BECOME A RESPONSIBLE SOLDIER.
